

Cyber Exploration Laboratory Experiments Solutions

Control Systems Engineering, 7th Edition has become the top selling text for this course. It takes a practical approach, presenting clear and complete explanations. Real world examples demonstrate the analysis and design process, while helpful skill assessment exercises, numerous in-chapter examples, review questions and problems reinforce key concepts.

Whenever surfaces in contact slide relative to each other, they wear and emit particles. In a study published in Physical Review Materials and selected as an Editor's Suggestion, researchers from EPFL's Computational Solid Mechanics Laboratory (LSMS) investigate the influence of the adhesion between the contacting surfaces on the process of wear particle formation.
